Re: Request to Transfer Ownership of Private Streets/Drives

Dear Mrs. Volz,

We are in receipt of your request to transfer ownership of the private roads under the names of Resina Dr, Messina Dr, and Argenta Dr. to the City of Springfield. The City regrets to inform you that per our current policy we are not excepting any transfer of existing roadways.

Furthermore, the aforementioned roads were developed specifically with the intention and desire to be and remain private roads with all maintenance and costs to be incurred by the owners. As such, at the time of the development, those roads were not subjected to the requirements of the Section 153.157(a) of the City's Ordinance for construction a public subdivision street under City of Springfield jurisdiction. Based on these previous agreements, the ownership of said streets are to remain under private jurisdiction.

Sincerely,

T.J. Heavisides, P.E.
Development Engineer
